

TIPS FOR CREATING POSTERS

IN POWERPOINT OR PUBLISHER.

SIZE

Under page setup, change the height and width to the dimensions of your final poster. If your poster is very large, you can work at half size. (For 42"x46" poster, you can set your file to 21"x23").

IMAGES

If you are using images, make sure they are high resolution (300 DPI). Be sure to resize image(s) proportionately by dragging from corners, not top & bottom or side to side. **If you stretch an image larger than its original size, it will become pixelated when printed.** This is highly advised against.

LOGOS

If you plan on using any UMBC logos, please refer to the UMBC Style Guide at styleguide.umbc.edu

FONTS

Keep it simple.

Use no more than 3 fonts. It is best to use standard fonts such as Arial, Helvetica, Times New Roman, Myriad, or Palantino.

Be sure the font size is large enough to read. A good rule of thumb is 28 point for text and 38 for titles if your poster is larger than 20x30.

LAYOUT

For readability, make sure there is enough contrast between text and background colors. Dark type on a light background is best, and avoid placing type on top of an image. **Do not fill every inch of the poster.** Leave some white space to make the poster more readable.

SAVING & PRINTING

Save your file as a PDF. If you create your file in Powerpoint or Publisher, select File/Save As/ and in the dropdown file type select PDF. This will keep your file from drastically changing when opened on our end.

You can submit your file via email, flash drive, or CD.

Our **standard turnaround time is 3 to 5 business days**, but may be longer depending on our workload. Please call for our most current turnaround time.

PRICING

For Wide-Format Pricing (anything larger than 12"x18") please see our wide format calculator on our website.

PAYMENT

We accept payment via Campus Card, Department Card, or authorized Chartstring Number.

PRICING FOR BUTTONS

2 weeks production time for **up to 500 buttons**, **anything over 500** will be determined by management at time of order.
